

Elgin roadworks.org Roadworks Report App Service Addendum

1 Agreement

This Service Addendum provides for the licensing of the Service known as roadworks.org Roadworks Report App described in the Service Specification at the URL address <http://www.elgin.org.uk/url-terms/rr-app-specification> (which service description is by this reference hereby incorporated into and forms part of the Agreement).

Capitalised terms used but not defined in this Service Addendum shall have the meaning ascribed to them in the Master Agreement.

2 Customer Restrictions

2.1 Unless Elgin specifically agrees in advance and in writing, the Customer shall not:

- a hide or mask from Elgin the Customer Implementation, including by failing to correctly implement any application programme interface keys including without limitation any Google Maps API license keys provided by Elgin to the Customer to identify the Customer Implementation;
- b use, distribute, or sell any Content outside of the Customer Implementation or incorporate or embed the Service or Content into any of the Customer's products or services that it sells to, or for which it charges, third parties;
- c attempt to reverse engineer the Service or any component or attempt to create a substitute or similar service through use of or access to the Service;
- d incorporate the Content as a core part of printed matter that is redistributed for a fee;
- e use the Service outside the United Kingdom.

3 Effect of Termination

- 3.1 On the expiry or termination of the Agreement the provision of the Services and all rights to access, receive and use the Services shall cease.
- 3.2 On the expiry or termination of the Agreement the Customer must cease to use the Services and Content and destroy or return to Elgin all copies of the Content.

4 Definitions

"Service" means the Elgin Service known as roadworks.org Roadworks Report App including any bespoke service extensions set out in the applicable Order Form and the associated technical support services provided to the Customer as described in the Service Level Agreement.
